H792 TERMINATION FOR CONVENIENCE OF THE GOVERNMENT (CETS) (MAY 2003)

(a) The performance of the task line items under this contract may be terminated by the Government in accordance with this clause in whole, or from time to time in part, wherever, the Administrative Contracting Officer (ACO) shall determine that such termination is in the best interest of the Governments. Any such termination shall be effected by delivery to the contractor of a Notice of Termination specifying the extent to which performance of work under the contract is terminated, and the date upon which such termination becomes effective.

(b) After receipt of a Notice of Termination, and except as otherwise directed by the ACO, the contractor shall (i) discontinue all performance to the extent and on the dates specified in such notices; (ii) proceed promptly with the return to its plant of such of its contractor personnel as may be effected by said notice; and (iii) transfer title and deliver to the Government, in the partially completed work, material, plans, drawings, data, information, reports and other property produced as a part of, or acquired in connection with, the performance of the task line item(s) terminated in such notice.

(c) Upon termination of task line items as provided in this clause, the contractor shall, in respect to such contractor personnel as may be covered by said Notice of Termination, be paid that part of the fixed price set forth in TWSA paragraph 1a., "Payment for Services," which has accrued for services rendered hereunder up to the effective date of such notice, and for time necessary for such contractor personnel to return to the plant of the contractor after the effective date of said notice and any other amounts properly owing to the contractor under TWSA paragraph 1a., "Payment for Services," which are theretofore unpaid. If, at the date of said notice, certain costs have actually been incurred by the contractor in connection with the contract preliminary to the departure of the contractor personnel covered by the Notice of Termination from the plant of the contractor, which are allocable to the entire period of performance contemplated hereunder, the Government will pay to the contractor the sum as the ACO and the contractor may agree is properly allocable to the terminated portion of the contract. Settlement under the provisions of this paragraph shall be evidenced by the supplemental agreement to the contract. In the event of the failure of the contractor and the ACO to agree upon the whole amount to be paid to the contractor by reason of the termination of task line items pursuant to this clause, the ACO shall determine, on the basis of information available to him, the amount, if any, due to the contractor by reason of the termination and shall pay to the contractor the amount so determined.

(d) Any dispute arising out of the termination of the contract under this clause shall be decided in accordance with the procedure prescribed in the "Disputes" clause.

H795 ADDITIONAL DEFINITIONS - CETS (APR 2003)

(a) The term Contracting Officer (CO) means: The individual(s) appointed under the authority of FAR 1.603 responsible for negotiating and executing CETS contracts on behalf of the Air Force unless otherwise specifically indicated.

OTHER CONTRACT CLAUSES IN FULL TEXT

H792 TERMINATION FOR CONVENIENCE OF THE GOVERNMENT (CETS) (MAY 2003)

(a) The performance of the task line items under this contract may be terminated by the Government in accordance with this clause in whole, or from time to time in part, wherever, the Administrative Contracting Officer (ACO) shall determine that such termination is in the best interest of the Governments. Any such termination shall be effected by delivery to the contractor of a Notice of Termination specifying the extent to which performance of work under the contract is terminated, and the date upon which such termination becomes effective.

(b) After receipt of a Notice of Termination, and except as otherwise directed by the ACO, the contractor shall (i) discontinue all performance to the extent and on the dates specified in such notices; (ii) proceed promptly with the return to its plant of such of its contractor personnel as may be effected by said notice; and (iii) transfer title and deliver to the Government, in the partially completed work, material, plans, drawings, data, information, reports and other property produced as a part of, or acquired in connection with, the performance of the task line item(s) terminated in such notice.

(c) Upon termination of task line items as provided in this clause, the contractor shall, in respect to such contractor personnel as may be covered by said Notice of Termination, be paid that part of the fixed price set forth in TWSA paragraph 1a., "Payment for Services," which has accrued for services rendered hereunder up to the effective date of such notice, and for time necessary for such contractor personnel to return to the plant of the contractor after the effective date of said notice and any other amounts properly owing to the contractor under TWSA paragraph 1a., "Payment for Services," which are theretofore unpaid. If, at the date of said notice, certain costs have actually been incurred by the contractor in connection with the contract preliminary to the departure of the contractor personnel covered by the Notice of Termination from the plant of the contractor, which are allocable to the entire period of performance contemplated hereunder, the Government will pay to the contractor the sum as the ACO and the contractor may agree is properly allocable to the terminated portion of the contract. Settlement under the provisions of this paragraph shall be evidenced by the supplemental agreement to the contract. In the event of the failure of the contractor and the ACO to agree upon the whole amount to be paid to the contractor by reason of the termination of task line items pursuant to this clause, the ACO shall determine, on the basis of information available to him, the amount, if any, due to the contractor by reason of the termination and shall pay to the contractor the amount so determined.

(d) Any dispute arising out of the termination of the contract under this clause shall be decided in accordance with the procedure prescribed in the "Disputes" clause.

PKW G755 PROCESSING INVOICES FOR PAYMENTS - CETS (FEB 1988)

(a) The contractor shall be paid in monthly installments upon monthly submission of properly certified invoices for services rendered and accepted less deductions, if any, as herein provided.

(b) The contractor shall forward invoices for services, with the original and one additional copy of each applicable Certificate of Service which has been certified by the Certifying Official as defined in paragraph e. of the "Additional Definitions - CETS" clause to the appropriate Administrative Contracting Officer (ACO). Contractors are reminded that invoices which include requests for payment for overseas services must comply with the DFARS clause 252.225-7005 entitled "Identification of Expenditures in the United States." The ACO will accomplish the necessary approvals and will forward the approved invoices to the appropriate finance office for payment. Separate invoices will be required for each applicable line item. Each invoice shall (1) identify the line item numbers to which it applies, (2) be prepared consecutively, (3) be identified by month to which it pertains, (4) be submitted with an original and one copy to be signed by a person authorized to obligate the contractor, and if applicable, (5) have appended thereto necessary substantiation (travel orders, commercial travel receipts, and receipts for all other expenses over \$75.00) for which reimbursement is authorized and claimed. In the event these receipts should be lost or illegible, certification to their validity will be made on the applicable invoice. Expense reports are not adequate substantiation for reimbursable expenses. It is also understood by acceptance of this contract, the contractor certifies that to the best of his knowledge and belief the amount to become due and payable under this contract for Contractor Field Service (CFS) personnel does not duplicate any charge against any other prior or current Government contract. If the Government or contractor subsequently discovers that a duplicate payment has been made, the contractor agrees to refund overpayment to the Government.

1. PAYMENT AND PERFORMANCE

The Government shall pay the contractor, upon appropriate submission and approval of an invoice or invoices, as follows:

(a) PAYMENT FOR SERVICES

If a man-day has been negotiated, payment for services rendered in performance of task work specification(s) during a calendar month will be made on the basis of the following formula: the applicable man-day rate as set forth on the applicable line times number of billable days in the calendar month. The number of billable days in the calendar month will be computed by subtracting the number of non-workdays, vacation days, holidays, and sick leave days during such period from the total number of calendar days in the month. Any days in which contractor employees are on leave status (including emergency leave, jury duty absence) are not billable days. Non-workdays for purposes of this paragraph and the paragraph hereafter entitled "Time Computation for Payment Purposes" are the sixth and seventh days of a scheduled workweek. In the event that a contractor employee is required to perform services in excess of 40 hours per week, payment for such overtime will be made at the overtime rate set forth in the line item as applicable. If no overtime rate is set forth in the applicable line item, there shall be no billing for overtime against the contract. If an emergency should arise requiring extended performance, an overtime rate will be negotiated at the time of such occurrence. *If a man-day rate is specified in this contract, it has been established by pro-rating the man-month rate over the average number of billable days in a calendar month and that rate will be used for bill purposes. If no man-day rate is established, the negotiated man-month rate will be invoiced.* The contractor shall invoice for services rendered prior to the end of the second calendar month following the month in which such services were performed.

NOTE: *During periods of Directed Travel, the man-day rate applicable to the permanent assignment location shall apply unless the contractor and the ACO mutually agree that a man-day rate for the temporary assignment location is applicable. If the rate negotiated in the schedule is a man-month rate, the CETS representative will continue to be paid the applicable man-month rate.*

(b) OTHER CHARGES

In addition to payment for services as set forth in paragraph 1(a) above, the contractor shall be entitled to payment of the following other charges (if included in the schedule) as required in the performance of task specification(s) unless those charges have been negotiated as part of the man-day/man-month rate. The contractor shall invoice for "OTHER CHARGES" prior to the end of the second calendar month following the month in which such "OTHER CHARGES" were incurred.

(1) TRANSPORTATION OF CONTRACTOR EMPLOYEES:

In the event that travel by private auto is authorized, the contractor will be paid for such at the rate per mile set forth in Section of the schedule. Mileage for domestic travel will be computed using the current Rand McNally Standard Highway Mileage Guide between points specifically included therein and supplementing this with an agreement between the contractor and the ACO between points not specifically covered in the Rand McNally. Mileage traveled overseas will be computed in accordance with agreement between the contractor and the Commander of the major using activity or his authorized representative. The agreement for overseas mileage may be predicated on actual odometer readings or mileage may be computed based on known distances contained in DFAS-DEM 7000.10 and frequency of trips, and in either event will be reflected on the Certificate of Service. In addition to mileage, payment is authorized for actual cost of bridge, ferry and turnpike tolls, if incurred in connection with authorized transportation. Except as specifically authorized in the contract, there shall be no payment for mileage traveled from living quarters to site of work as well as mileage traveled for the convenience of contractor employees. All privately owned vehicles operated on the Government installation shall be insured at a minimum by liability coverage.

(6) TIME COMPUTATION FOR PAYMENT PURPOSES

The time spent in the performance of services hereunder will be determined in accordance with the provisions of paragraph 1f) above, and the following:

(i) Time spent in travel will be considered as time spent in the performance of services hereunder for payment purposes subject to the following limitations:

(A) Time allowable for payment purposes shall be as actually spent in travel but shall not exceed the time required to travel the distance which is calculated by dividing the direct-route distance by the number of miles allowed to be traveled in a day as set forth in Section B of the schedule. The above limitation does not apply to travel at the site of work.

(B) Normally, travel will be performed during the normal forty-hour work week, but the aforesaid does not preclude travel at other times when determined to be essential by mutual agreement between the contractor and the Commander of the major using activity or his authorized representative. When travel is performed on non-workdays and holidays, there shall be no limitation on mileage except as specifically authorized by the schedule or by the contract. The above limitation does not apply to travel at the site of work.

(ii) In addition to the above limitations, billable services shall not commence earlier than the first eight-hour day contractor employees are assigned to the contract by mutual agreement between the contractor and the ACO per the clause entitled "Task Orders". It is understood that the time necessary for such employees to proceed from the contractor's plant to a site, and between sites, for performance of services hereunder and return to the contractor's plant shall be considered as time spent in the performance of this contract, except as set forth in Paragraph 4, "Replacement of Assigned Contractor Employees".

2. EMPLOYEE ASSIGNMENT

Contractor employees will normally be assigned to the Major Activity's headquarters.

(a) Contractor employees shall perform services at such places within the Command as may be required to accomplish services for task line item(s) covered by special/assignment orders issued by the ACO. The performance of services hereunder may require services at both domestic and overseas locations. When required, the contractor shall be responsible for providing continuity of service in the event reassignment of his employees within the continental limits of the United States or overseas occurs, provided notice has been given of such reassignment at the earliest possible time.

(b) Contractor personnel, upon assignment, either within the continental limits of the United States or over overseas, are subject to call-in twenty-four hours a day. Normally, they will perform on their assigned task line item on the same daily and he has as the personnel of the organization to which they are assigned.

(c) No contractor personnel other than those assigned by a specific line item under this contract will be allowed to attend or are training classes for training purposes.

3. CERTIFICATES OF SERVICES

The contractor shall prepare a Certificate of Service for each contractor employee for each calendar month of service (as required by AF 121-110). Such certificates shall be submitted to the Commander of the defense activity to which the employee assigned, or his authorized representative, for verification and certification. The remarks section of the Certificate of Service will identify by date and name each holiday which has been observed other than the standard U.S. holidays. All official business

travel, for which the contractor claims reimbursement shall be reflected in block(s) 11, 12, and/or 13, as appropriate, of each monthly Certificate of Service. These certificates shall be the basis for preparation of the monthly invoices and shall be forward after certification, to the ACO for acceptance.

4. REPLACEMENT OF ASSIGNED CONTRACTOR EMPLOYEES

(a) The contractor shall have the right to replace, reassign, or transfer its personnel and to substitute other qualified person in lieu thereof; provided, however, that such replacement, reassignment, or transfer will not cause a break in services rendered and has been coordinated with the ACO. A contractor employee, once assigned by the contractor to a defense activity in the performance of a task line item will remain with that activity for a period of not less than 12 consecutive months of performance. Section B includes Movement and/or Relocation Provisions of the Employee Spouse, Dependents and/or Household Goods. If period of performance is to be not less than 36 consecutive months unless the task line item to which said contractor employee assigned is completed earlier. Upon completion of the required consecutive months of performance by a contractor employee, contractor is authorized to replace, reassign, or transfer that employee at the expense of the Government in accordance with paragraph (b) below. The required months of performance may be satisfied by one (1) contractor employee performing a total required consecutive months of effort, whether it be in performance of Task Work Specifications under this contract, under this contract and a predecessor contract, or under this contract and any successor contract which may be awarded to the contractor. It is understood by the parties to this agreement that time spent in performance of contracts other than those issued in accordance with AFI 21-110 will not be considered in computing the period of required consecutive months of performance by a contractor employee. It is further understood by the parties to this agreement that the Government is not obligated to award successive contracts to this contract. All other replacements, reassignments, or transfers of contractor personnel shall be construed as be for the convenience of the contractor unless directed by the ACO or his authorized representative.

(b) In addition to any reimbursable costs in Section B, if applicable, the Government will bear only cost of transportation and travel time by the replacement employee from the contractor's plant or previous assignment location to the site where the Task Work Specifications are to be performed, and the cost of transportation and travel time by the employee who is being returned to the contractor's plant, when a contractor employee is replaced after the required 12 consecutive months of performance.

(c) The costs of any replacement, reassignment or transfer of contractor personnel prior to the completion of the required 12 consecutive months of performance for the convenience of the contractor, including but not limited to, transportation and travel time costs, and training costs of replacement personnel, shall be at the contractor's expense and not be charged to the Government under this or any other contract. However, when (1) the ACO of the major using activity determines that the replacement, reassignment or transfer of a contractor employee is in the best interest of the Government or (2) a contractor employee must be replaced due to his death or medical disability prior to completion of required consecutive months of performance in accordance with paragraph (a) above, the Government shall bear the costs as provided for in this contract occasioned thereby, provided that the contractor substitutes another qualified person in lieu of this employee so that no break in services is caused.

(d) Notwithstanding the above, if in the sole discretion of the ACO it becomes necessary to replace any contractor employee for reasons of misconduct, the costs of replacement of the offending employee will be borne by the contractor and not charged the Government under this or any other contract, regardless of the fact that the offending employee may have exceeded the required consecutive months of performance in accordance with paragraph (a) above.

5. INITIAL TRAINING

Time spent by contractor employees in initial training when approved and authorized in the schedule shall be considered as time spent in the performance of services hereunder, providing the contractor employee(s) proceeds to the applicable duty site and perform services under the applicable Task Line Item(s). The rates applicable to initial training are set forth in Section B of the Schedule. Initial training is subject to the following:

(a) Limited to initial training of newly-assigned personnel who are basically qualified to perform required services, but who in need of additional training pertaining to their specific assignment under this contract.

(b) The total number of days specified above does not include Saturdays, Sundays, and holidays.

(c) Not reimbursable for a duration exceeding 90 days from the commencement of the contract period of performance.

(d) Time spent in initial training shall run concurrently with time awaiting security clearance.

(e) Authorized initial training will not be considered in the computation of the replacement period.

6. REFRESHER TRAINING

Defined as training which is required to adequately educate any contractor employee as to developments which are related to : have occurred since their assignment by the contractor in the performance of task line items hereunder. The contractor may furnish refresher training to each assigned contractor employee from time to time during the contract period. In no event shall refresher training be authorized for contractor employees who are unqualified upon assignment. Contractor's requests for refresher training must be submitted in writing to the using activity (duty station) and the using activity Office of Prime Responsibility (OPR). Upon approval, the OPR will advise the ACO and the unit of assignment. Time and travel required by contractor employees to accomplish refresher training, when approved and authorized, shall be considered as time and travel spent in the performance of services hereunder. Reimbursement shall be at the rates indicated in Section B of the Schedule.

7. CONTRACT HOLIDAYS

The man-day rate, if applicable, includes an allowance for holidays to be observed; and, accordingly, the Government will not bill for such holidays except when services are actually required by the organization being served and performed on a holiday. The contract is performed in support of the activity being serviced, therefore, the holidays as observed by the activity receiving these services will be observed by the contractor employees assigned to perform under this contract. Holidays in addition to those reflected in this contract which are designated by the activity receiving these services will be billable days, provided the assigned contractor employee was available for performance of the required task line item and was precluded from such performance.

(a) If the activity receiving the service observes the official United States holidays, the total number is ten; they are January 1st, the third Monday in January, the third Monday in February, the last Monday in May, July 4th, the first Monday in September, the second Monday in October, November 11th, the Fourth Thursday in November and December 25th.

(b) For FMS contracts, see the TWS for country holidays.

8. VACATIONS

The contractor will authorize employee vacations consistent with the successful accomplishment of services set forth in this Task Work Specification. Vacation time will not be considered as time spent in the performance of services hereunder, and, accordingly, the Government will not be billed for services or transportation during vacation leave periods.

9. SICK LEAVE

Sick leave will not be considered as time spent in the performance of services hereunder, and accordingly, the Government will not be billed for services during sick leave period.

10. EMPLOYEE QUARTERS

This contract includes prices that contemplate the use of commercial quarters only; government quarters shall not be furnished contractor employees assigned in the performance of this contract. This restriction does not apply to DDY assignments.

11. ROVING STATUS

This applies only to those contracts containing a rate in the schedule for roving status. CETS personnel shall be considered to be in roving status when they are used to service more than one location concurrently under orders issued by the using activity. If used herein, the term "one location" includes all areas or sites within a base or installation and may embrace an extensive area within the jurisdiction or supervision of a base or installation commander. CLIS personnel in continual service at the same location for an uninterrupted period of sixty calendar days or longer shall not, in any event, be considered as having been in a roving status during such period.

12. FOREIGN SERVICE BUSINESS WARRANTY

The contractor warrants that he has been duly authorized to operate and do business in the country or countries in which this contract is to be performed; that they have obtained, at no cost to the United States Government, all necessary licenses and

permits in connection with the contract; and that they will fully comply with all the laws, decrees, labor standards and regulation such country or countries during the performance of this contract.

13. INITIAL PREPARATIONS FOR OVERSEAS PERFORMANCE

(If required by the contract after the date of assignment) Reasonable time and travel as is necessary to obtain or renew passports, visas and inoculations shall be considered as time spent in the performance of services required herein, subject to limitations as may be set forth elsewhere in this contract. Normally, such time required to make initial preparations shall be concurrent with the time necessary to obtain a security clearance. All such time and travel shall be subject to the written approval of the ACO. Dependents will not be permitted in any location where dependents are not authorized to accompany Military Company Grade Officers.

14. GENEVA CONVENTION CARD

Foreign Military Sales contracts contractor personnel performing Contractor Engineering Technical Services (CETS) do not accompany and/or support U.S. Armed Forces, so they shall not be issued a DD Form 489 (Geneva Convention I.D. Card).

15. OBLIGATION OF FUNDS

In accordance with contract clause G-1, "Accounting and Appropriation Data", the funds for this requirement will be put on contract by a modification or task order. Until such time as the contractor is notified that funds have been obligated for a particular line item, the contractor shall not submit Certificates of Service to the AFCCO for signature. Questions regarding funding should be directed to the contract negotiator, ASC/PKWWRN, (937) 257-4606.

16. NOTIFICATION OF FUNDS STATUS

The Contractor shall notify the Contracting Officer in writing whenever it has reason to believe that: (1) the costs the Contractor expects to incur under this contract in the next 60 days when added to all costs previously incurred will exceed 75 percent of the estimated cost in the Schedule; or (2) the total cost for the performance of this contract will be greater than previously estimated.

As part of the notification, the Contractor shall provide the Contracting Officer with a revised estimate of the total cost to complete each CLIN.

17. EFFECTIVE DATE OF THE CONTRACT

This contract shall not become effective and binding on the parties unless and until (1) written notification is furnished to the contractor that funds have been appropriated and obligated for the contract and/or (2) a task order is issued, specifying the exact tasks required and the maximum number of man-months. Since the requirements for each major using activity are set forth in separate line items to the contract, the written assignment orders will be issued by the ACO. As to those estimated requirements set forth herein for which funds are not obligated, or for which special assignment order(s) or FAX authorization to proceed are not issued, this contract shall have no force or effect.

SECTION G
CONTRACT ADMINISTRATION DATA

PROCESSING INVOICES FOR PAYMENT (CETS) (FEB 1988)

(a) The contractor shall be paid in monthly installments upon monthly submission of properly certified invoices for services rendered and accepted less deductions, if any, as herein provided.

(b) The contractor shall forward invoices for services, with the original and one additional copy of each applicable Certificate of Service which has been certified by the Certifying Official as defined in paragraph (e) of the "Additional Definitions - CETS" clause to the appropriate Administrative Contracting Officer (ACO). Contractors are reminded that invoices which include requests for payment for overseas services must comply with the DFARS clause 252.225-7005 entitled "Identification of Expenditures in the United States." The ACO will accomplish the necessary approvals and will forward the approved invoices to the appropriate finance office for payment. Separate invoices will be required for each applicable line item. Each invoice shall (i) identify the line item numbers to which it applies, (ii) be numbered consecutively, (iii) be identified by month to which it pertains, (iv) be submitted with an original and one copy to be signed by a person authorized to obligate the contractor, and if applicable, (v) have appended thereto necessary substantiation (travel orders, commercial travel receipts, and receipts for all other expenses over \$75.00) for which reimbursement is authorized and claimed. In the event these receipts should be lost or illegible, certification to their validity will be made on the applicable invoice. Expense reports are not adequate substantiation for reimbursable expenses. It is also understood by acceptance of this contract, the contractor certifies that to the best of his knowledge and belief the amount to become due and payable under this contract for Contractor Field Service (CFS) personnel does not duplicate any charge against any other prior or current Government contract. If the Government or contractor subsequently discovers that a duplicate payment has been made, the contractor agrees to refund overpayment to the Government.

**PART I - THE SCHEDULE
SECTION H
SPECIAL CONTRACT REQUIREMENTS**

ADDITIONAL DEFINITIONS - (CETS) (FEB 1988)

(a) The term Contracting Officer (CO) means: The individual(s) appointed under the authority of FAR 1.603 responsible for negotiating and executing CETS contracts on behalf of the Air Force unless otherwise specifically indicated.

(b) The term Administrative Contracting Officer (ACO) means: The individual(s) appointed by each Major Activity under the Authority of FAR 1.603 responsible for Contract Management/ Administration of specific line items(s) under each CETS contract, which include call-up of contractor personnel, negotiate effective dates of assignment with contractor(s), assign personnel to contract(s), fund contract(s), review, approve/disapprove contractor's invoices for payment, terminate assignments, take appropriate action when notified of unsatisfactory performance, etc. For the purpose of this program, such personnel shall be referred to as the Major Activity ACO (MA/ACO).

(c) The terms "contractor employee" and "contractor personnel" or "contractor engineering and technical services personnel" "(CETSP)" or "contractor engineering and technical service representative "(CETSR)" as used throughout this contract shall be deemed to refer to all CETS personnel and shall be defined as persons, such as advisors, instructors, or technical specialists, assigned by the contractor to perform the services required by Special/ Assignment orders issued hereunder.

(d) Contractor Engineering and Technical Services (CETS) means: Those services performed by commercial or industrial companies which provide the knowledge necessary to develop among Government personnel the technical skill capability required for instruction, information and training in the installation, operation and maintenance of weapon systems, equipment and components used by DoD Components. Engineering and technical services personnel may use hands-on training incidental to other forms of training to demonstrate functions associated with a particular task during the instructional process.

(e) **Air Force Certifying Officer (AFCO) means:** The person(s) appointed by the Commander of each unit being serviced by CETS personnel, to monitor performance of CETS and perform the duties and responsibility set forth in AFMAN 16-101, Security Assistance Management; AFJI 16-105, Joint Security Assistance Training (JSAT) Regulation; and AFI 21-110, Engineering and Technical Services.

(f) The term "man-month" if used herein shall mean the time devoted to the performance of services hereunder by one contractor employee during a period of one calendar month. The term "man-day" if used herein shall mean the time devoted to the performance of services hereunder by one contractor employee during a period of one calendar day.

(g) The term "continental limits of the United States" as used herein means any place within the territorial limits of the first 48 states (does not include Alaska and Hawaii) and the District of Columbia.

(h) Except as used in the DFARS clause 252.225-7005 entitled Identification of Expenditures in the United States, the term "domestic" as used herein means any place within the continental limits of the United States.

(i) Except as used in the DFARS clause 252.225-7005 entitled Identification of Expenditures in the United States, the term "Overseas" as used herein means any place outside the continental limits of the United States.

Prior to beginning operations involving classified information on an installation identified on the DD Form 254 where the contractor is not required to have a facility security clearance, the contractor shall enter into a security agreement (or understanding) with the installation commander to ensure that the contractor's security procedures are properly integrated with those of the installation. As a minimum, the agreement shall identify the security actions which will be performed:

- (a) By the Installation for the contractor, such as providing storage and classified reproduction facilities, guard services, security forms, security inspections under DOD 5220.22-M, classed mail services, security badges, visitor control, and investigating security incidents; and
- (b) Jointly by the contractor and the installation, such as packaging and addressing classified transmittals, security checks, internal security controls, and implementing emergency procedures to protect classified material.

- 5352.223-9000 ELIMINATION OF USE OF CLASS 1 OZONE DEPLETING SUBSTANCES (ODS)
(MAY 1996)
(IAW AFFARS 5323.890-7)

(a) It is Air Force policy to preserve mission readiness while minimizing dependency on Class I Ozone Depleting Substances (ODS), and their release into the environment, to help protect the Earth's stratospheric ozone layer.

(b) Unless a specific waiver has been approved, Air Force procurements:

- (1) May not include any specification, standard, drawing, or other document that requires the use of a Class I ODS in the design, manufacture, test, operation, or maintenance of any system, subsystem, item, component, or process; and
- (2) May not include any specification, standard, drawing, or other document that establishes a requirement that can only be met by use of a Class I ODS;

(c) For the purposes of Air Force policy, the following are Class I ODS:

- (1) Halons: 1011, 1202, 1211, 1301, and 2402;
- (2) Chlorofluorocarbons (CFCs): CFC-11, CFC-12, CFC-13, CFC-111, CFC-112, CFC-113, CFC-114, CFC-115, CFC-211, CFC-212, CFC-213, CFC-214, CFC-215, CFC 216, and CFC-217, and the blends R-500, R-501, R-502, and R-503; and
- (3) Other Controlled Substances: Carbon Tetrachloride, Methyl Chloroform, and Methyl Bromide.

(d) The Air Force has reviewed the requirements specified in this contract to reflect this policy. Where considered essential, specific approval has been obtained to require use of the following substances:

[List each Class I ODS, its applications or use and the approved quantities. If "None," so state.]

(a) For the purpose of this clause,

(1) Foreign person is any person who is not a citizen or national of the U.S. or lawfully admitted to the U.S. for permanent residence under the Immigration and Nationality Act, and includes foreign corporations, international organizations, and foreign governments;

(2) Foreign representative is anyone, regardless of nationality or citizenship, acting as an agent, representative, official, or employee of a foreign government, a foreign-owned or influenced firm, corporation

or person;

(3) Foreign sources are those sources (vendors, subcontractors, and suppliers) owned and controlled by a foreign person.

(b) The Contractor shall place a clause in subcontracts containing appropriate export control restrictions, set forth in this clause.

(c) Nothing in this clause waives any requirement imposed by any other U.S. Government agency with respect to employment of foreign nationals or export controlled data and information.

(d) Equipment and technical data generated or delivered under this contract are controlled by the International Traffic in Arms Regulation (ITAR), 22 CFR Sections 121 through 128. An export license is required before assigning any foreign source to perform work under this contract or before granting access to foreign persons to any equipment and technical data generated or delivered during performance (see 22 CFR Section 125). The Contractor shall notify the Contracting Officer and obtain written approval of the Contracting Officer prior to assigning or granting access to any work, equipment, or technical data generated or delivered under this contract to foreign persons or their representatives. The notification shall include the name and country of origin of the foreign person or representative, the specific work, equipment, or data to which the person will have access, and whether the foreign person is cleared to have access to technical data (DoD 5220.22-M, National Industrial Security Program Operating Manual (NISPOM)).

1. PAYMENT AND PERFORMANCE

The Government shall pay the contractor, upon appropriate submission and approval of an invoice or invoices, as follows:

(a) PAYMENT FOR SERVICES

Payment for services rendered in performance of task work specification(s) in this contract will be made on a "man-month (M/M) basis in lieu of the "man-day" (M/D) basis. The contractor will be paid a M/M rate for each full month the CETSP is assigned to the contract. When a CETSP is assigned for less than a full calendar month, the M/M rate will be prorated by the number of calendar days assigned in the month divided by the number of calendar days in the month. Payment for services rendered in performance of the task work specification(s), during a calendar month, will be made in the amounts set forth in Section B of the Schedule. The contractor shall invoice for services rendered prior to the end of the second calendar month following the month in which such services were performed.

***NOTE:** The domestic rate, if any, applies to that portion of the time necessary to travel to and from overseas locations which is spent within the CONUS. During periods of Directed Travel During the Tour of Duty, the man-day rate applicable to the permanent assignment location shall apply unless the contract and the ACO mutually agree that the man-day rate applicable to the temporary assignment location is applicable.

(b) OTHER CHARGES

In addition to payment for services as set forth in paragraph 1(a) above, the contractor shall be entitled to payment of the following other charges as required in the performance of task specification(s). The contractor shall invoice for "OTHER CHARGES" prior to the end of the second calendar month following the month in which such "OTHER CHARGES" were incurred.

(1) TRANSPORTATION OF CONTRACTOR EMPLOYEES:

(i) Transportation required for initial, terminal, replacement and/or reassignment travel will normally be furnished by the Contractor. Reimbursement under the contract for all such travel determined to be at Government convenience will be as follows:

(A) Transportation by commercial vehicle (airplane, train, etc.) will be reimbursed pursuant to the Section H clause entitled "Equipment, Services and Facilities".

(B) Transportation by private automobile will be reimbursed pursuant to the following clause entitled "Travel by Private Auto".

(C) Reimbursement authorized hereunder shall be made directly to the contractor and not to the contractor employee, except as authorized in AFI-110.

(ii) Official business transportation required in the performance of duty will normally be furnished by the Government as contemplated by the clause in Section H entitled "Equipment Services and Facilities". In the event such transportation is not furnished by the Government, the contractor shall obtain authorization from the using activity to furnish the specific mode(s) of transportation which shall be reimbursed in accordance with the amounts set forth in Section B of the Schedule.

(2) DIRECTED TRAVEL DURING THE TOUR OF DUTY

The contractor is authorized payment for all calendar days in which contractor employees are on a temporary duty status as authorized by the Commander of the major using activity or his authorized representative. For the purpose of this contract, his authorized representative shall be the **Commander of the defense activity to which the contractor employee is assigned** by the contractor in performance of the task line item involved. Temporary duty status is defined as the total period of temporary absence from the official duty station, provided the absence is required in the performance of that task to which the employee is assigned. Payment is authorized hereunder as follows:

(i) Transportation required in the performance of temporary duty will normally be furnished by the Government. In the event transportation is not furnished by the Government, and upon approval of the Commander of the using activity or his authorized representative, the contractor shall furnish the necessary transportation and shall be paid for such in the same manner and to the extent as set forth in Section B of the Schedule. Reimbursement for transportation costs hereunder shall be limited to that specifically authorized by the appropriate travel orders.

(ii) In addition, the contractor shall be paid a per diem allowance for each day that the contractor employee is required to remain away overnight from his official duty station while on official temporary duty status. Payment of such per diem allowance will be made at the rates set forth in Section B of the Schedule. When Government quarters are available and adequate, the contractor employee shall use them unless the contractor and ACO mutually agree otherwise.

(3) UNIFORMS

The contractor shall be reimbursed for the cost of uniforms as follows:

(i) For contractor employees in overseas areas who are required to wear the uniform regularly, reimbursement shall not exceed \$200.00.

(ii) For contractor employees in overseas areas who are required to have uniforms in their possession only in the event of emergencies, reimbursement shall not exceed \$100.00.

(4) OVERTIME WORK

(i) The rate(s) for services set forth in the applicable line items) is/are based on a normally scheduled forty-hour workweek, consisting of five eight-hour days per week. A week for the purpose of this clause is defined as a period of seven consecutive days commencing on the first day of the normally scheduled workweek. A reduced workweek shall consist of forty hours less the amount of time off for vacation leave, sick leave or holidays not in excess of the amounts authorized in the contract; provided, however, such time off occurs on a day which the for employee normally works. Overtime is: work in excess of forty hours in one week or work in excess of the reduced workweek mentioned above.

(ii) Time spent in travel shall in no event be considered overtime work. Overtime work will be held to an absolute minimum and in each instance must be justified and authorized by the Commander of the major using activity or his authorized representative. Approval for overtime work must be specifically indicated on the Certificate of Service. The contractor will be paid for authorized overtime work performed by its employees at the fixed hourly rate set forth in the applicable line item or line items. If no overtime rate is set forth in the line items, there shall be no separate billing against the contract for overtime work.

(5) TRAVEL BY PRIVATE AUTO

In the event that travel by private auto is authorized, the contractor will be paid for such at the rate per mile set forth in Section B of the schedule. Mileage for domestic travel will be computed using the current Rand McNally Standard Highway Mileage Guide between points specifically included therein and supplementing this with an agreement between the contractor and the ACO between points not specifically covered in the Rand McNally. Mileage traveled overseas will be computed in accordance with agreement between the contractor and the Commander of the major using activity or his authorized representative. The agreement for overseas mileage may be predicated on actual odometer readings or may be computed on known distances contained in AFM 177-136, "Official Table of Distances - Foreign Travel", and frequency of trips, and in either event will be reflected on the Certificate of Service. In addition to mileage, payment is authorized for actual cost of bridge, ferry and turnpike tolls, if incurred in connection with authorized transportation. Except as specifically authorized in the contract, there shall be no payment for mileage traveled from living quarters to site of work as well as mileage traveled for the convenience of contractor employees.

(6) TIME COMPUTATION FOR PAYMENT PURPOSES

The time spent in the performance of services hereunder will be determined in accordance with the provisions of paragraph 1(a) above, and the following:

(i) Time spent in travel will be considered as time spent in the performance of services hereunder for payment purposes subject to the following limitations:

(A) Time allowable for payment purposes shall be as actually spent in travel but shall not exceed the time required to travel the distance which is calculated by dividing the direct-route distance by the number of miles allowed to be traveled in a day as set forth in Section B of the schedule. The above limitation does not apply to travel at the site of work.

(B) Normally, travel will be performed during the normal forty-hour workweek, but the aforesaid does not preclude travel at other times when determined to be essential by mutual agreement between the contractor and the Commander of the major using activity or his authorized representative. When travel is performed on non-workdays and holidays, there shall be no billing for services against the contract except as mutually agreed to by the Contractor and Government and set forth in the contract.

(ii) In addition to the above limitations, billable services shall not commence earlier than the first eight-hour day contractor employees are assigned to the contract by mutual agreement between the contractor and the ACO per the clause entitled "Task Orders". It is understood that the time necessary for such employees to proceed from the contractor's plant to a site, and between sites, for performance of services hereunder and return to the contractor's plant shall be considered as time spent in the performance of this contract, except as set forth in Paragraph 4, "Replacement of Assigned Contractor Employees".

2. EMPLOYEE ASSIGNMENT

Contractor employees will normally be assigned to the Major Activity's headquarters.

(a) Contractor employees shall perform services at such places within the Command as may be required to accomplish services for task line item(s) covered by special/assignment orders issued by the ACO. The performance of services hereunder may require services at both domestic and overseas locations. When required, the contractor shall be responsible for providing continuity of service in the event reassignment of his employees within the continental limits of the United States or overseas occurs, provided notice has been given of such reassignment at the earliest possible time.

(b) Contractor personnel, upon assignment, either within the continental limits of the United States or over overseas, are subject to call-in twenty-four hours a day. Normally, they will perform on their assigned task line item on the same daily and hourly basis as the personnel of the organization to which they are assigned.

(c) No contractor personnel other than those assigned by a specific line item under this contract will be allowed to attend on-site training classes for training purposes.

3. CERTIFICATES OF SERVICES

The contractor shall prepare a Certificate of Services for each contractor employee for each calendar month of service (as required by AFI 21-110). Such certificates shall be submitted to the Commander of the defense activity to which the employee is assigned, or his authorized representative, for verification and certification. The remarks section of the Certificate of Service will identify by date and name each holiday which has been observed other than the standard U.S. holidays. All official business travel, for which the contractor claims reimbursement shall be reflected in block(s) 11, 12, and/or 13, as appropriate, of each monthly Certificate of Service. These certificates shall be the basis for preparation of the monthly invoices and shall be forwarded, after certification, to the ACO for acceptance.

4. REPLACEMENT OF ASSIGNED CONTRACTOR EMPLOYEES

(a) The contractor shall have the right to replace, reassign, or transfer its personnel and to substitute other qualified personnel in lieu thereof; provided, however, that such replacement, reassignment, or transfer will not cause a break in services rendered and has been coordinated with the ACO. A contractor employee, once assigned by the contractor to a defense activity in the performance of a task line item will remain with that activity for a period of not less than 12 consecutive months of performance. If Section B includes Movement and/or Relocation Provisions of the Employee Spouse, Dependents and/or Household Goods, this period of performance is to be not less than 36 consecutive months unless the task line item to which said contractor employee is assigned is completed earlier. Upon completion of the required consecutive months of performance by a contractor employee, the contractor is authorized to replace, reassign, or transfer that employee at the expense of the Government in accordance with paragraph (b) below. The required months of performance may be satisfied by more than one (1) contractor employee performing a total of required consecutive months of effort, whether it be in performance of Task Work Specifications under this contract, under this contract and a predecessor contract, or under this contract and any successor contract which may be awarded to the contractor. It is understood by the parties to this agreement that time spent in performance of contracts other than those issued in accordance with AFI 21-110 will not be considered in computing the period of required consecutive months of performance by a contractor employee. It is further understood by the parties to this agreement that the Government is not obligated to award successive contracts to this contract. All other replacements, reassignments, or transfers of contractor personnel shall be construed as being for the convenience of the contractor unless directed by the ACO or his authorized representative.

(b) In addition to any reimbursable costs in Section B, if applicable, the Government will bear only cost of transportation and travel time by the replacement employee from the home plant to the site where the Task Work Specifications are to be performed, and the cost of transportation and travel time by the employee who is being returned to the contractor's plant, when a contractor employee is replaced after the required consecutive months of performance.

(c) The costs of any replacement, reassignment or transfer of contractor personnel for the convenience of the contractor, including but not limited to, transportation and travel time costs, and training costs of replacement personnel, shall be at the contractors expense and not be charged to the Government under this or any other contract. However, when (1) the ACO of the major using activity determines that the replacement, reassignment or transfer of a contractor employee is in the best interest of the Government or (2) a contractor employee must be replaced due to his death or medical disability prior to completion of required consecutive months of performance in accordance with paragraph (a) above, the Government shall bear the costs as provided for in this contract occasioned thereby, provided that the contractor substitutes another qualified person in lieu of this employee so that no break in services is caused.

(d) Notwithstanding the above, if in the sole discretion of the ACO it becomes necessary to replace any contractor employee for reasons of misconduct, the costs of replacement of the offending employee will be borne by the contractor and not charged to the Government under this or any other contract, regardless of the fact that the offending employee may have completed the required consecutive months of performance in accordance with paragraph (a) above.

5. INITIAL TRAINING

Time spent by contractor employee(s) in initial training Men approved and authorized in the schedule shall be considered as time spent in the performance of services hereunder, providing the contractor employec(s) proceed(s) to the applicable duty site and perform services under the applicable Task Line Item(s). The rates applicable to initial training are set forth in Section B of the Schedule. Initial training is subject to the following:

(a) Limited to initial training of newly assigned personnel who are basically qualified to perform required services, but who are in need of additional training pertaining to their specific assignment under this contract.

(b) The total number of days specified above does not include Saturdays, Sundays and holidays.

(c) No reimbursable initial training will be authorized prior to the commencement of the contract period of performance.

(d) Time spent in initial training shall run concurrently with time awaiting security clearance.

(e) Authorized initial training will not be considered in the computation of the replacement period.

6. REFRESHER TRAINING

Defined as training which is required to adequately educate any contractor employee as to developments which are related to and have occurred since their assignment by the contractor in the performance of task line items hereunder. The contractor may furnish refresher training to each assigned contractor employee from time to time during the contract period. In no event shall refresher training be authorized for contractor employees who are unqualified upon assignment. Contractor's requests for refresher training must be submitted in writing to the using activity (duty station) and the using activity Office of Prime Responsibility (OPR). Upon approval, the OPR will advise the ACO and the unit of assignment. Time and travel required by contractor employees to accomplish refresher training, when approved and authorized, shall be considered as time and travel spent in the performance of services hereunder. Reimbursement shall be at the rates indicated in Section B of the Schedule.

7. CONTRACT HOLIDAYS

The man-month rate includes an allowance for holidays to be observed; and, accordingly, the Government will not be billed for such holidays, except when services are actually required by the organization being served and performed on a holiday. The contract is performed in support of the

activity being serviced; therefore, the holidays as observed by the activity receiving these services will be observed by the contractor employees assigned to perform under this contract. Holidays in addition to those reflected in this contract which are designated by the activity receiving these services will be billable days, provided the assigned contractor employee was available for performance of the required task line item and was precluded from such performance.

(a) If the activity receiving the service observes the official United States holidays, the total number is ten; they are January 1st, the third Monday in January, the third Monday in February, the last Monday in May, July 4th, the first Monday in September, the second Monday in October, November 11th, the Fourth Thursday in November and December 25th. Additional holidays mutually agreed to between Contractor and Government are as follows: NONE

(b) For FMS contracts, see the TWS for country holidays.

8. VACATIONS

The contractor will authorize employee vacations consistent with the successful accomplishment of services set forth in this Task Work Specification. Vacation time will not be considered as time spent in the performance of services hereunder; and, accordingly, the Government will not be billed for services or transportation during vacation leave periods.

9. SICK LEAVE

Sick leave will not be considered as time spent in the performance of services hereunder; and, accordingly, the Government will not be billed for services during sick leave period.

10. EMPLOYEE QUARTERS

This contract includes prices that contemplate the use of commercial quarters only; government quarters shall not be furnished to contractor employees assigned in the performance of this contract. This restriction does not apply to TDY assignments.

11. ROVING STATUS

This applies only to those contracts containing a rate in the schedule for roving status. CETS personnel shall be considered to be in roving status when they are used to service more than one location concurrently under orders issued by the using activity. As used herein, the term "one location" includes all areas or sites within a base or installation and may embrace an extensive area within the jurisdiction or supervision of a base or installation commander. CETS personnel in continual service at the same location for an uninterrupted period of sixty calendar days or longer shall not, in any event, be considered as having been in a roving status during such period.

12. FOREIGN SERVICE BUSINESS WARRANTY

The contractor warrants that he has been duly authorized to operate and do business in the country or countries in which this contract is to be performed; that they have obtained, at no cost to the United States Government, all necessary licenses and permits in connection with the contract; and that they will fully comply with all the laws, decrees, labor standards and regulations of such country or countries during the performance of this contract.

13. INITIAL PREPARATIONS FOR OVERSEAS PERFORMANCE

(If required by the contract after the date of assignment) Reasonable time and travel as is necessary to obtain or renew passports, visas and inoculations shall be considered as time spent in the performance of services required herein, subject to limitations as may be set forth elsewhere in this contract. Normally, such time required to make initial preparations shall be concurrent with the time necessary to

obtain a security clearance. All such time and travel shall be subject to the written approval of the ACO. Dependents will not be permitted in any location where dependents are not authorized to accompany Military Company Grade Officers.

14. GENEVA CONVENTION CARD

Foreign Military Sales contracts contractor personnel performing Contractor Engineering Technical Services (CETS) do not accompany and/or support U.S. Armed Forces, so they shall not be issued a DD Form 489 (Geneva Convention I.D. Card).

15. OBLIGATION OF FUNDS

In accordance with contract clause E-751, "Processing Invoices for Payment", the funds for this requirement will be put on contract by the ACO. Until such time as you are notified that funds have been obligated for a particular line item, you shall not submit Certificates of Service to the AFCO for signature. Questions regarding funding should be directed to the ACO, ASC/PKVVTM-1, (513) 257-6635.

16. NOTIFICATION OF FUNDS STATUS

The Contractor shall notify the Contracting Officer in writing whenever it has reason to believe that: (1) the costs the Contractor expects to incur under this contract in the next 60 days, when added to all costs previously incurred, will exceed 75 percent of the estimated cost in the Schedule; or (2) the total cost for the performance of this contract will be greater than previously estimated.

As part of the notification, the Contractor shall provide the Contracting Officer with a revised estimate of the total cost to complete each CLIN.

17. EFFECTIVE DATE OF THE CONTRACT

This contract shall not become effective and binding on the parties unless and until (1) written notification is furnished to the contractor that funds have been appropriated and obligated for the contract and (2) a task order is issued, specifying the exact tasks required and the maximum number of man-months, and as further outlined in the provision of the contract entitled "Task Order". Since the requirements for each major using activity are set forth in separate line items to the contract, the written assignment orders will be issued by the ACO. As to those estimated requirements set forth herein for which funds are not obligated, or for which special/assignment orders) or FAX authorization to proceed are not issued, this contract shall have no force or effect.

18. TAXES AGREEMENT INCORPORATED BY REFERENCE

State and Local Income and Franchise Taxes Agreement entered into this 17th day of March 1987 between the United States of America, hereinafter the Government; represented by the Corporate Administrative Contracting Officer, Defense Contract Administration Management Area Hartford, hereinafter referred to as the CACO, and the General Electric company, Hereinafter GE, a corporation organized under the laws of New York located at 3135 Easton Turnpike, Fairfield, CT and represented by its duly authorized agent, Robert D. Featherstone.

**ADDENDUM TO DD FORM 254 (Block 10j)
FOR OFFICIAL USE ONLY (FOUO)**

(Reference DoD Regulation 5400.7/Air Force Supplement, 22 July 1999.)

1. **GENERAL:** FOUO is information that has not been given a security classification pursuant to the criteria of an Executive Order, but which may be withheld from the public because disclosure would cause a foreseeable harm to an interest protected by one or more of the Freedom of Information Act (FOIA) exemptions 2 through 9. Additional information on FOUO may be obtained by contacting the User Agency. FOUO is assigned to information at the time it is created in a DoD Agency or derivatively as instructed in a Security Classification Guide.

2. **MARKING:**

a. FOUO information received (released by a DoD component) should contain the following marking, when received: ***THIS DOCUMENT CONTAINS INFORMATION EXEMPT FROM MANDATORY DISCLOSURE UNDER FOIA EXEMPTIONS***
_____ APPLIES/APPLY.

b. Mark an unclassified document containing FOUO information "FOR OFFICIAL USE ONLY" at the bottom of each page containing FOUO information and on the bottom of the front page or front cover (if any) and on the back of the last page and on the back cover (if any). Each paragraph containing FOUO information shall be marked as such.

c. Within a classified document, an individual page that contains both FOUO and classified information shall be marked at the top and bottom with the highest security classification of information appearing on the page. Individual paragraphs shall be marked at the appropriate classification level, as well as unclassified or FOUO, as appropriate. An individual page that contains FOUO information but no classified information shall be marked "FOR OFFICIAL USE ONLY" at the top and bottom of the page, as well as each paragraph that contains FOUO information. NOTE: For "production efficiency" the entire document may be marked top and bottom with the highest level of classification contained within it, as long as every paragraph is marked to reflect the specific classification of the information it contains.

d. Mark other records, such as computer print outs, photographs, films, tapes, or slides "FOR OFFICIAL USE ONLY" so that the receiver or viewer knows the record contains FOUO information.

e. Mark each part of a message that contains FOUO information. Unclassified messages containing FOUO information must show the abbreviation "FOUO" before the text begins.

3. **DISSEMINATION:** FOUO may be disseminated between officials of DoD Components, DoD contractors, consultants and grantees to conduct official business for DoD. Recipients shall be made aware of the status of such information and transmission shall be by means that preclude unauthorized public disclosure.

4. **TRANSMISSION:** FOUO information shall be transmitted in a manner that prevents disclosure of the contents. When not commingled with classified information, it may be sent via first-class mail or parcel post. Bulky shipments, i.e. testing materials, that otherwise qualify under postal regulations, may be sent by fourth-class mail. FOUO information may also be sent over facsimile equipment; however, when deciding whether to use this means, balance the sensitivity of the records against the risk of disclosure. Consider the location of sending and receiving machines and ensure authorized personnel are available to receive the FOUO information as soon as it is transmitted. Transmittal documents shall call attention to the presence of FOUO attachments. FOUO information may also be sent via e-mail, if it is sent via a system that will prevent unintentional or unauthorized disclosure.

5. **STORAGE:** To safeguard FOR OFFICIAL USE ONLY records during normal duty hours, place them in an out-of-sight location if your work area is accessible to persons who do not have a valid need for the information. After normal duty hours, store FOUO records to prevent unauthorized access. File them with other unclassified records in unlocked files or desks when normal internal building security is provided. When there is no internal building security, locked buildings or rooms normally provide adequate after hours protection. If such protection is not considered adequate, FOUO material shall be stored in locked containers such as file cabinets, desks, or bookcases. *Expenditure of funds for security containers or closed areas solely for the protection of FOUO data is prohibited.*

6. **DESTRUCTION:** When no longer needed, FOUO information shall be disposed of by any method that will preclude its disclosure to unauthorized individuals.

ADDENDUM TO DD FORM 254 (Block 11L)

NOTIFICATION OF SERVICING SECURITY ACTIVITY

1. Thirty days **before** the date Contractor operations will begin on the Government Installation, the Contractor shall provide the **Servicing Security Activity** the following information:

- a. The name, address, and telephone number of your company's Facility Security Officer and your designated on-site security representative;
- b. The contract number and military contracting command;
- c. The highest classification category of defense information to which Contractor employees will have access;
